Mr. Daniel C. King
Director of Logistics
Central Intelligence Agency
Washington, DC 20505

Dear Mr. King:

This is in response to your letter of July 22, 1983, requesting the temporary use of 7 acres of land at the Central Intelligence Agency (CIA) complex, McLean, Virginia.

This office foresees no problems at the present with issuing a revocable permit to the CIA based upon the above-noted letter. The document would include among other conditions a 30-day termination right by either party and the restoration of the site to a condition acceptable to the General Services Administration prior to the termination date.

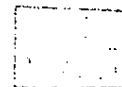

However, prior to writing the permit, this office does require a specific date for the projected occupancy of the area. Also, it is understood that the funding for the construction project which created this temporary need has still not been approved. It is requested that this item be finalized prior to the actual issuance of the permit.

I look forward to working with you in completing this agreement. Please have your representative contact Mr. Tom Stapleton of my staff on 472-1704 if there are any questions.

Sincerely,

WILLIAM B. JENKINS
Director
Real Estate Division
